BIOENERGY 2003

International Nordic Bioenergy Conference and Exhibition
Jyväskylä, Finland From 2nd to 5th of September 2003

Register online now!

Nordic Bioenergy Conferences have been held every second year by a cyclic order in Finland, Sweden, Denmark and Norway. The Conference will be a focus on the factors affecting the future of the bioenergy, biopower and biobased modern technologies and products.

- Conference with about 70 oral presentations and over 50 poster viewing from over 20 countries
- Technical tours and visits to practical bioenergy sites
- International Bioenergy 2003 Exhibition together with Wood and Forest 2003
- Social and cultural programme
- Language: English

Jyväskylä is located in Central Finland, in the middle of the beautiful lake district.
