

**Bioenergy International Italia** is the technical magazine focused on the bioenergy world, the renewable energy from agriculture and forestry, in Italy and Italian Switzerland. The English international edition is distributed in more than 66 countries and currently there are several national editions in Russian, Polish, Spanish, French, Japanese, the present Italian edition, and also special editions for the African market and USA/Canada markets.

Bioenergy International Italia ([www.bioenergyinternational.com](http://www.bioenergyinternational.com)) with its four quarterly editions, is **distributed free of charge** during the main Italian bioenergy events, fairs and congresses. Besides this distribution channel, each issue of the magazine is sent as a pdf file through e-mail to thousands of addresses gathered through the various events where we are present, as well as a vast list of addressees composed of companies and privates related to Bioenergy in Italy and Italian Switzerland.

**We are present in the Italian market. What about you?**

During 2008/2009 we have distributed 95,000 copies, visiting more than 25 events and conferences throughout the Italian territory. Among these, we point out: AgriAlp, Agrienergie, Agriexpò, Agrilevante, Agrimont, AgriUmbria, Agrofer, Bosco e Territorio, Ecoenergie, Ecomondo, EIMA, Energethica, Energy Expò, Expocomfort, Fa' la Cosa Giusta, Fieragricola, Forlener, Forum Compraverde, Greenenergy, Klimaenergy, Rigenergia, Solarexpò, Sustexpò, Termoidraulica Clima, Terrafutura, Vegetalia, Zeroemission

Bioenergy International Italia is the media partner of choice for those companies willing to lead and to **enhance their presence in the Italian market.**
