**A Bioenergy International event
in cooperation with Victam Asia 2010**

Biomass technology is an expanding sector within Victam Asia 2010 exhibiting the technology for biomass pelleting and more.

Victam Asia is the foremost event within South East Asia for manufacturers and suppliers of technology and equipment used for the production animal feed, petfood and aquafeed.

Also included are suppliers of ancillary equipment and systems required within the feed manufacturing process.

*Co-located with:
FIAAP Asia 2010 & GRAPAS Asia 2010.*
